Dear Franklin High School Parents/Guardians and Students:

Welcome to the 2016-17 school year! The Franklin High School faculty and staff are excited about the start of this upcoming school year and are looking forward to opening our doors on August 11, 2016, to approximately 2,500 students.

I am extremely proud to announce that Franklin High School remains as one of the top academic performing high schools in the Elk Grove Unified School District. Once again, we have the highest UC a-g completion in the District, with 75.6% of our graduating Seniors being eligible to attend a UC or CSU. We continue to offer the largest AP/Honors course selection in the District as well as being the only high school to field an athletic team in every sport. We have earned this distinction because of our outstanding student academic achievement, supportive parents/guardians, and our dedicated staff members.

During the 2016 - 17 school year, we will continue to focus our efforts on academic improvement for all students through rigorous standards-based instruction and assessment, the inclusion of Common Core State Standards into ALL courses of study, as well as using data to inform/improve instruction. Maintaining our focus to increase student performance for ALL students, and ensuring that ALL students have access to ALL programs and connecting ALL students through positive teacher-student relationships will be emphasized within our professional development, our local control accountability plan, and in our professional learning communities.

In this newsletter, you will find valuable information with regard to the opening of the 2016-17 school year services and upcoming events. If you have any questions and/or need additional information, please visit our School Loop website at or call us at (916) 714-8150. All teachers and staff members have email addresses and access to School Loop, our web-based school-to-home communication tool.

I thank you for your continued support, trust and energy that you contribute to our school's success.

Sincerely,

A handwritten signature in black ink that reads "Chantelle Albiani". The signature is written in a cursive, flowing style.

SCHOOL SITE COUNCIL

Why do we need a School Site Council??

School Site Councils are vital to the process of planning and supporting the education of students. In addition an effective SSC provides feedback, generate parent involvement, builds leadership and shares the responsibility for effectively planning for school success.

What does a School Site Council do??

- Develop a Single Plan for Student Achievement (a.k.a. School Plan)

- Annually review and revise the School Plan
- Approve the School Plan by vote
- Recommend the School Plan to the Board for approval
- Monitor the implementation of the School Plan
- Evaluate the results

We hope you will consider becoming part of the Franklin Wildcats School Site Council. If interested please contact Principal, Chantelle Albiani at calbiani@egusd.net.
